

RXT™ iS™ 260

A combination of the outrageous power of a 260-hp Rotax® 4-TEC® with the impressive capabilities of iControl™ results in a PWC that doesn't know the meaning of fear.

Specifications

DIMENSIONS

Length.....	139" / 354 cm
Width.....	48" / 122 cm
Height.....	43.9" / 111.4 cm
Weight (dry).....	970 lb / 441 kg
Rider capacity.....	3
Fuel capacity.....	18.6 US gal / 70 L
Storage capacity.....	16.4 US gal / 62 L

ENGINE

Type.....	260 hp Supercharged Intercooled Rotax 4-TEC engine
Intake system.....	Supercharged with external intercooler, 52 mm throttle body
Bore x stroke.....	100 mm x 63.4 mm
Displacement.....	1,494 cc
Compression ratio.....	8.4:1
Cooling.....	Closed-loop cooling system
Fuel type.....	87 octane – minimum 91 octane – recommended

DRIVE UNIT

Propulsion system.....	Sea-Doo® Direct Drive
Jet pump.....	Aluminum, axial flow, single stage, large hub with 10-vane stator
Transmission.....	iBR™
Impeller.....	Stainless steel

ELECTRICAL

Ignition.....	Digital induction
Starter.....	Electric
Battery.....	12 V

HULL AND COMPONENTS

Type.....	S ³ ™ Hull
Color.....	Bright Yellow

Tilt steering with information center

Reboarding platform with storage

Hinged seat

iBR brake lever

Quick latch fuel filler design

Information center

Standard Features

HULL AND COMPONENTS

iControl	The "Brain" that integrates and controls all systems to create the best possible ride.
iS..... (Intelligent Suspension)	Allows the hull to move independently of the upper deck, isolating rider and passenger from the impact of rough water. Electronic adjustment, manual or automatic mode. Auto docking position, Sport calibration.
S ³ Hull	Stepped, stable & strong. Lightweight material, ribbed and stepped. Creates a low-pressure zone to reduce drag for nimble handling and rail-tight cornering.
Deep-V design	Ensures a smooth and comfortable ride in a variety of conditions, and greater maneuverability. Designed to offer an exclusive lean-in feeling when cornering.
Hinged seat	Easy-open seat with convenient stay-open support struts. Provides easy access to the engine compartment while remaining attached to the watercraft.
High-performance electric..... Variable Trim System (VTS™)	Provides pre-set positions for quick settings when adjusting boat trim, maximizes acceleration and high-speed stability.
Bow and stern eyes.....	Designed for towing or securing the craft to a trailer or dock.
Carpeted footwells..... and deck pads	Offer extra comfort, non-skid surface and great looks.
Reboarding platform	Easy access to battery, fuses and storage. with rear storage
Fold-down reboarding step.....	Makes reboarding from the water easier and quicker.
Watertight, removable	Provides dry storage for luggage and necessities storage bin
Tilt steering.....	Adjusts the steering and information center angle for maximum ease and comfort.
Interactive Multifunction	Reports 30 key operating functions:
Digital Information Center	Fuel level, Tachometer, Speedometer, Hour meter, Compass, Water temperature, Touring/sport mode, Cruise control, Slow mode, Time, Fuel consumption meter, VTS, VTS preset, Suspension settings: auto and manual mode, Suspension dock mode ON_OFF, F-N-R indicator, Low fuel level, Low oil level, Low oil pressure, Low voltage, Overheat, Hi voltage, Check engine, Sensor check, Key (battery protection), Key (wrong key), L-Key / R-Key, Maintenance info, Error codes.
Digitally Encoded Security	Industry's first digitally encoded theft-deterrent System (D.E.S.S.™) system.
Foam flotation.....	Ride with security and peace of mind. Meets or exceeds USCG standards.
Off-Throttle Assisted	Provides the operator with additional steering Steering (O.T.A.S.™) effect in off-throttle situations for greater maneuverability.
Quick latch fuel filler design	Engine access cover (removable)
Sponsons	External exhaust cooling flush attachment
Bumpers	Special comfort hand grips
Adjustable mirrors	Wide handlebars
Ski tow eye	Emergency floating lanyard
Reboarding handles on rear platform	Cut & sew seat with three colors
Rear grab handle	Seat strap
Front splash deflector	Operator's guide, instructional video and booklet

WARRANTY

BRP limited warranty covers the watercraft for one year.

ENGINE

Supercharged, intercooled ...	260 hp Supercharged Intercooled Rotax 4-TEC engine provides reliable ultra-high performance in fresh or saltwater, increased torque at low RPM, optimized power at all RPM levels and throttle positions.
1,494 cc four-stroke, Rotax SOHC with four valves per cylinder	
Multi-port fuel injection	Better control of exhaust emission and power at all RPM ranges to reduce emissions and reduce fuel consumption.
iTC™ (Intelligent..... Throttle Control) system	The most advanced throttle control on a PWC. Featuring cruise control, neutral, slow mode, dock mode and a high-performance Variable Trim System. For easier dockside starts and improved maneuverability.
iControl Learning Key™	The programmable Learning Key allows you to limit the performance of the PWC based on rider skill level. Each of the two settings can be fine-tuned using the mode/set buttons.
D-Sea-Bel™ system.....	Combines a series of resonators, acoustical foam and vibration-absorbing components to make Sea-Doo watercraft some of the quietest on the water.
Water-cooled exhaust pipe...	Regulates exhaust temperature.
Closed-loop cooling system..	Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.
Water/air separator.....	Provides maximum airflow to engine and reduces water intrusion.
Watertight digital ignition....	Provides optimal energy for a consistent spark, ensuring maximum performance.
RPM limiter	Protects engine from over-revving.
Warning device.....	Warns operator of engine and exhaust overheating, engine management and system failure.
Handlebar-mounted	Engine starts and stops with single, start/stop button user-friendly control button.
Tip Over Protection	Protects engine in case of turn over. System (T.O.P.S.™)

PROPULSION SYSTEM

iBR (Intelligent Brake..... & Reverse) system	The world's first on-water braking system. Intelligent Brake and Reverse delivers a whole new level of safety and control. With a simple squeeze of the lever, you can stop your watercraft on demand. Squeeze it again, and you shift to reverse.
Sea-Doo Direct Drive	Delivers optimum performance with the Rotax propulsion system engine.
Replaceable urethane	Provides long impeller life, less maintenance wear ring and maximum thrust.
Dual automatic vacuum.....	Continuously removes water entering the siphon pumps engine compartment.
Large diameter drive shaft...	Maintains engine and pump alignment at all operating speeds.
Stainless steel impeller.....	Delivers improved acceleration, higher top impeller speed and less cavitation.
Aluminum stator vanes.....	Handle the high-performance engine without erosion.

OPTIONS

Removable wakeboard rack	Glove box organizer
Depth finder	Safety kit
Ski Mode	Sandbag anchor
Time/Distance to empty	Speed Tie™
Altitude	Protective cover
Lap timer	Advanced TEC trailer
Engine temperature	Fire extinguisher
Removable dry bag for front storage
