

WAKE™ PRO 215

The first and only watercraft designed specifically for tow sports. Its loaded with features like a retractable ski pylon, removable board rack, and convex mirrors. Plus a new Ski Mode – the first-ever launch control on a PWC – that takes your watersports experience to the next level.

Ski mode

3-position retractable ski pylon

Fold-down reboarding step

Removable board rack

Flowing edge design

Watertight, removable storage bin

Specifications

DIMENSIONS

Length.....	139" / 354 cm
Width.....	48" / 122 cm
Height.....	45.9" / 116.6 cm
Weight (dry).....	855 lb / 388 kg
Rider capacity.....	3
Fuel capacity.....	15.9 US gal / 60 L
Storage capacity.....	52 US gal / 13.7 L

ENGINE

Type.....	215 hp Supercharged Intercooled Rotax® 4-TEC® engine
Intake system.....	Supercharged with intercooler, 52mm throttle body
Bore x stroke.....	100 mm x 63.4 mm
Displacement.....	1,494 cc
Compression ratio.....	8.4:1
Cooling.....	Closed-loop cooling system
Fuel type.....	87 octane – minimum 91 octane – recommended

DRIVE UNIT

Propulsion system.....	Sea-Doo® Direct Drive
Jet pump.....	Aluminum, axial flow, single stage, large hub with 10-vane stator
Transmission.....	iBR™
Impeller.....	Stainless steel

ELECTRICAL

Ignition.....	Digital induction
Starter.....	Electric
Battery.....	12 V

HULL AND COMPONENTS

Type.....	S3™ Hull
Color.....	Deep Black/Viper Red

Standard Features

WAKE PRO 215

SPORT | 2010

HULL AND COMPONENTS

iControl™The “Brain” that integrates and controls all systems to create the best possible ride.
S ³ Hull.....	Stepped, stable & strong. Lightweight material, ribbed and stepped. Creates a low-pressure zone to reduce drag for nimble handling and rail-tight cornering.
Deep-V design.....	Ensures a smooth and comfortable ride in a variety of conditions, and greater maneuverability. Designed to offer an exclusive lean-in feeling when cornering.
Bow and stern eyes.....	Designed for towing or securing the craft to a trailer or dock.
Carpeted footwells.....	Offer extra comfort, non-skid surface and great looks.
3-up seat.....	Comfortable room for three – permits spotter for watersports.
Hinged seat.....	Easy-open seat with convenient stay-open support struts. Provides easy access to the engine compartment while remaining attached to the watercraft.
Fold-down reboarding step.....	Makes reboarding from the water easier and quicker.
Watertight, removable.....	Provides dry storage for luggage and necessities storage bin with easy access.
Tilt steering.....	Adjusts the steering and information center angle for maximum ease and comfort.
Multifunction Digital Information Center.....	Reports 27 key operating functions: Fuel level, Tachometer, Speedometer, Hour meter, Compass, Water temperature, Time, Fuel consumption meter, Touring/sport mode, Cruise control, Ski Mode, Slow speed mode, VTS, VTS™ preset, F-N-R indicator, Low fuel level, Low oil level, Low oil pressure, Low voltage, Overheat, Hi voltage, Check engine, Sensor check, Key (battery protection), Key (wrong key), L-Key, Maintenance info, Error codes.
Digitally Encoded Security System (D.E.S.S.™)Industry's first digitally encoded theft-deterrent system.
Foam flotation.....	Ride with security and peace of mind. Meets or exceeds USCG standards.
Off-Throttle Assisted Steering (O.T.A.S.™)Provides the operator with additional steering effect in off-throttle situations for greater maneuverability.
Quick latch fuel filler design	External exhaust cooling flush attachment
Sponsons	Special comfort hand grips
Bumpers	Emergency floating lanyard
Adjustable mirrors	Cut & sew seat
Reboarding platform	Seat strap
Reboarding handles on rear platform	Operator's guide, instructional video and booklet
Rear grab handle	
Front splash deflector	
Dual drain plugs	

WAKE PRO PACKAGE

Ski Mode.....	This advanced iControl feature allows the driver to adjust the intensity of the launch for different rider skill levels and tow sports while maintaining a constant speed. You get highly repeatable runs for the best possible tow sports experience.
High-performance electric VTS™ (Variable Trim System)Provides pre-set positions for quick settings when adjusting boat trim, maximizes acceleration and high-speed stability.
3-position retractable ski pylonRetractable, so it's there when you're pulling someone and out of the way when you're not. Also features spotter hand grips and rope storage.
Removable wakeboard rack.....	Provides easy transport of a wakeboard to the ride site.
Wide-angle convex mirrors.....	Increase field of view by 32% over standard mirrors.

WARRANTY

BRP limited warranty covers the watercraft for one year.

ENGINE

Supercharged, intercooled.....	215 hp Supercharged Intercooled Rotax 4-TEC engine 1,494 cc four-stroke, Rotax SOHC with four valves per cylinder	provides reliable ultra-high performance in fresh or saltwater, increased torque at low RPM, optimized power at all RPM levels and throttle positions.
iTC™ (Intelligent Throttle Control) system	The most advanced throttle control on a PWC. Featuring cruise control, neutral, slow mode, and a high-performance Variable Trim System. For easier dockside starts and improved maneuverability.
iControl Learning Key™	The programmable Learning Key allows you to limit the performance of the PWC based on rider skill-level. Each of the two settings can be fine-tuned using the mode/set buttons.
D-Sea-Bel™ system	Combines a series of resonators, acoustical foam and vibration-absorbing components to make Sea-Doo watercraft some of the quietest on the water.
Multi-port fuel injection	Better control of exhaust emission and power at all RPM ranges to reduce emissions and reduce fuel consumption.
Closed-loop cooling system	Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.
Water/air separator	Provides maximum airflow to engine and reduces water intrusion.
Watertight digital ignition	Provides optimal energy for a consistent spark, ensuring maximum performance.
RPM limiter	Protects engine from over-revving.
Warning device	Warns operator of engine and exhaust overheating, engine management and system failure.
Handlebar-mounted start/stop button	Engine starts and stops with single, user-friendly control button.
Tip Over Protection System (T.O.P.S.™)	Protects engine in case of turn over.

PROPULSION SYSTEM

iBR (Intelligent Brake & Reverse) system	The world's first on-water braking system. Intelligent Brake and Reverse delivers a whole new level of safety and control. With a simple squeeze of the lever, you can stop your watercraft on demand. Squeeze it again, and you shift to reverse.
Sea-Doo Direct Drive propulsion system	Delivers optimum performance with the Rotax engine.
Aluminum stator vanes	Handle the high-performance engine without erosion.
Dual automatic vacuum siphon pumps	Continuously removes water entering the engine compartment.
Large diameter drive shaft	Maintains engine and pump alignment at all operating speeds.
Replaceable urethane wear ring	Provides long impeller life, less maintenance and maximum thrust.
Stainless steel impeller	Delivers improved acceleration, higher top speed and less cavitation.

OPTIONS

Depth finder	Safety kit
Time/distance to empty	Sandbag anchor
Altitude	Speed Tie™
LAP timer	Protective cover
Engine temperature	Advanced TEC trailer
Removable dry bag for front storage	Fire extinguisher
Glove box organiser
